9 I have discussed the matter with Rai C. Roy and the Rao Sahib also. Rai Kanagavan is well qualified and has good experience of business accounts. He would do very well in helping the I+C Dept and the I+C Committee in placing the accounts of new concerns on a good basis. He is practically employed on such work now. There is however some difficulty at time in getting his services and his being connected with the Comptroller's Office ~~something~~ would be against his services being utilized freely.

10 The Industries and Commerce Committee has not been able to get a good Commercial Auditor. His services may therefore be transferred to the I+C

If he is attached to Comptr's office his services will be made available as far as practicable to the I & C Dept. & I believe there has been no difficulty in the past — none that I can remember. On the other hand I voluntarily opened his services to the Industries Dept. on one or two occasions.
